5.	Discontinuance of Aeroflot flights from Kolkata International Airport. These flights should be restored.	Aeroflot's decision to withdraw services from Kolkata has been prompted by commercial considerations. Government is not in a position to interfere in this regard, as foreign Airlines decide their routing etc. according to their commercial judgement.
6.	Discontinuance of Indian Air-flights through Kolkata International Airport to Singapore. These flights should be restored.	Low level of traffic has prompted Indian Airlines to restructure its international operations passing through Kolkata. However, presently, Indian Airlines provide an over-night connection bwtween Kolkata and Singapore over Bangkok and a 'same day' connection in the return direction on four days of a week. In addition to this, Indian Airlines provide daily connection between Kolkata and Chennai with onward daily connection to Singapore.
7.	Daily flights from Kolkata to Bagdogra since the runway at Bagdogra has been repaired and the airport modernized.	Indian Airlines have restored the 'thrice a week' operation on Kolkata-Bagdogra-Kolkata sector. Indian Airlines also undertake additonal operations from time to time between Kolkata and Bagdogra keeping in view the seasonal passenger demand.
